Bachelors in Computer Science (Expected in 2027-August)

FAST-NUCES - Lahore, Punjab, Pakistan

FSC Pre-Engineering (2021-2023)

Punjab Group of College - Lahore, Punjab, Pakistan

Work History

Front Desk Officer (2024-June - 2024-August) (Internship)

FAST-NUCES, Lahore, Punjab, Pakistan

- Managed front desk operations efficiently, ensuring guest satisfaction and swift issue resolution.
- Designed an information package to improve guest communication and accessibility.

Projects

-  **Time-Table Maker (HTML, CSS, JS)**
Led the development of a web-based timetable generator with create, edit, and delete features.
-  **Brick Breaker Game (C++)**
Designed and implemented game mechanics including ball movement, collision detection, and scoring.
-  **Solitaire Game (C++)**
Developed the game logic and interface for a functional and interactive solitaire experience.
-  **Social Sphere App (C++)**
Built a console-based social network app with user registration, posting, and interaction capabilities.
-  **Sudoku Solver (Assembly)**
Created an efficient solver using Assembly, with input validation and row-level duplicate checks.
